RYAN HUGHES DESIGN BUILD

LOCATION: TAMPA, FLORIDA

PROJECT COST: \$250,000+

CREATIVE DIRECTOR/DESIGNER: RYAN HUGHES

Neutral hues and natural surfaces come together in this contemporary outdoor living area. The complex and coordinated design delivers an entertainment- and relaxation-rich platform with a soothing and natural vibe. With the use of stone, tiles, textures, furnishings and outdoor fabrics, the space offers areas for lounging, cooking, alfresco dining, swimming, sunning and relaxation.

A custom-size pool incorporates tile that shines a royal blue hue when the pool and the landscape lighting interact. Adjacent to an infinity edge spa with overflow chase, the pool sits at the center of a sunken fire pit and a sunken lounge with swim-up bar access. The lights from each of the outdoor living areas create an enchanting allure with an azure blue illuminating the entire space.
